

Thank you for viewing my cool stuff portfolio

This is only a small portion of work I have created over the last 33 + years. I like to be creative and challenge myself.

Thanks, Pete

cool stuff [kool] [stuhf]

is an informal phrase referring to items, experiences, or ideas that are interesting, impressive, exciting, or fashionable, often implying a sense of approval or enthusiasm. Designs I got to do for family, friends, for myself, enjoyment not work, I still like to get creative

For Johnny (2012) - Flyer for orphanage in India
Produced with adobe illustrator/photoshop

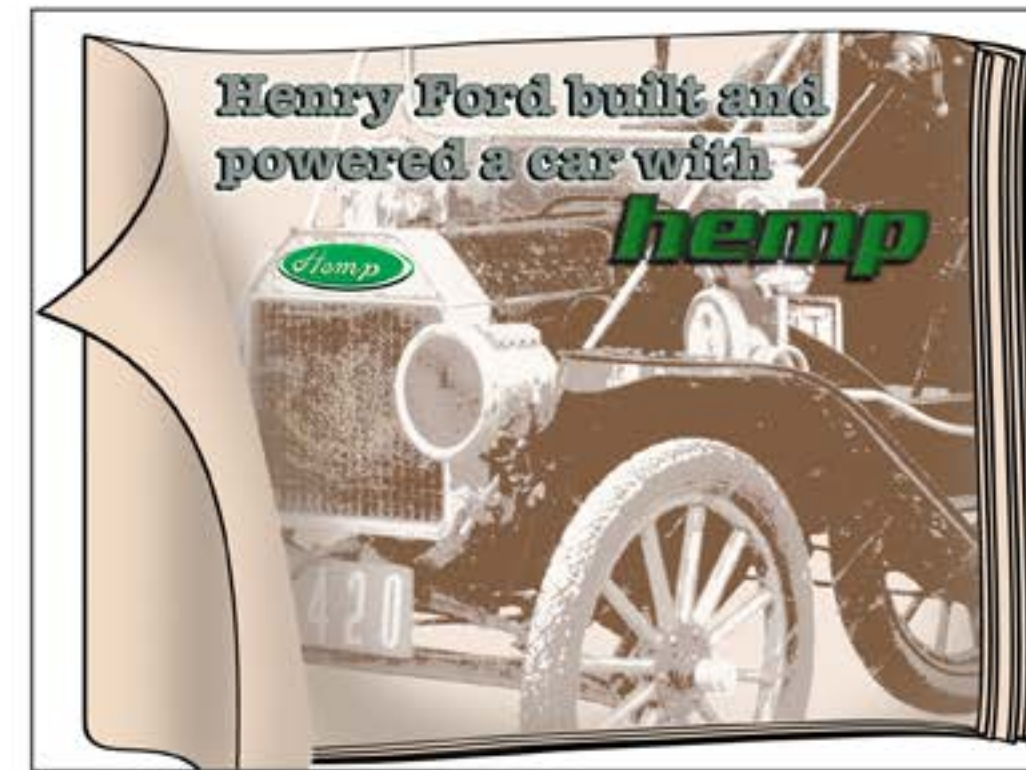

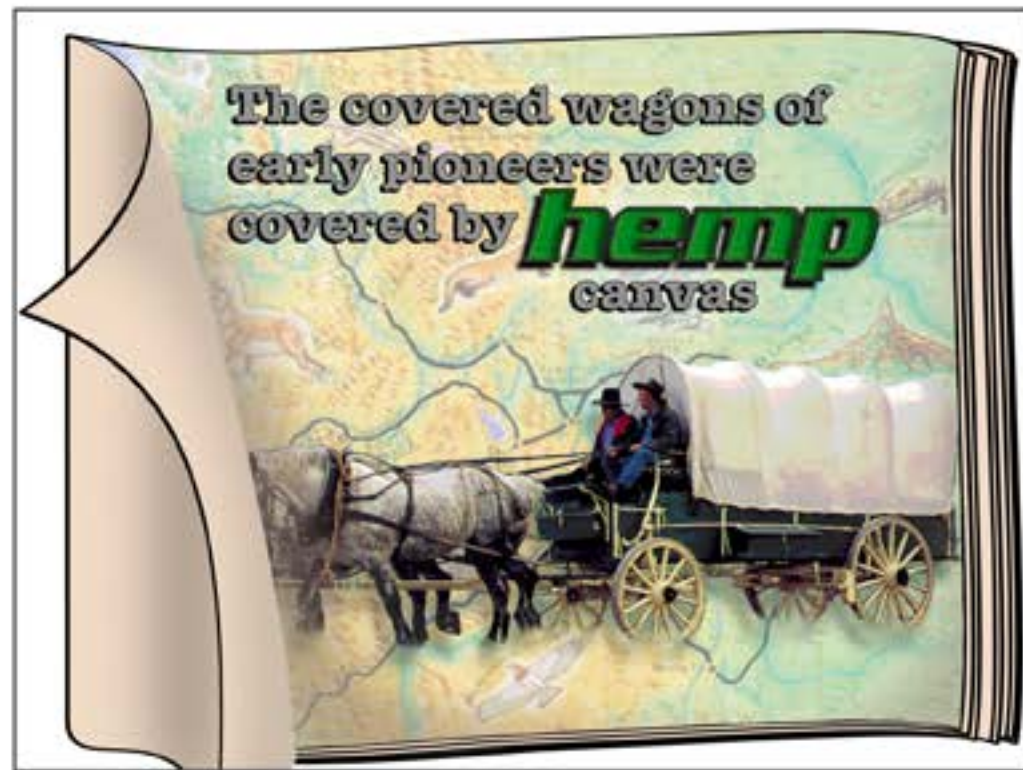

There are 30 orphan children in India praying for me each day.
They can be praying for you also.

INDIA ORPHANAGE HOME NEEDS YOUR HELP

You can adopt an orphan child in India for **\$40** a month. If we can raise a few hundred dollars to get Internet access into the orphanage, you will be able to see and speak with your child on webcam and trace their progress as they grow. Each child that is sponsored will make room for another young one to be saved.

All donations can be done at www.gloryministriesindia.com
